3. 請列舉一項「推廣自主語文學習（英語）一筆過津貼」對學生語文學習的影響：

The funding was used for subscription of an online reading platform for the whole school. Exposure to a diverse range of reading texts broadens students' perspectives and significantly sharpens their overall language proficiency. The online reading platforms subscribed play a key role in this growth by enabling students to explore material tailored to their individual reading levels during their free time, fostering a truly personalized and self-paced learning experience. Ultimately, consistent reading serves as an invaluable foundation for brushing up on vocabulary, grammar, and comprehension skills, driving long-term success in mastering the English language.
